BRADSHAW MINES
FACE FINE FUTURE
(From Tuesday's Daily.)
George S. Connolly, a banker of Springfield, Illinois, returned to Prescott Friday from Crown King, and announced that the custom ore plant for Bradshaw mines, would be built. He is quite familiar with the mineral resources of that field, and made the positive statement that only incidental matters were to be adjusted, when construction would begin.

Connolly was accompanied to the Bradshaws by his two mining engineers, one of them remaining in the field, to continue observations of mineral resources, while the other returned to the coast Saturday.

The process of treatment is by electricity, and has been thoroughly worked out. The first unit of fifty tons per day capacity will be erected near Crown King, convenient to the Nelson, War Eagle-Gladstone, Wildflower and other mines on the northern slope of the Bradshaw range, while the power generating plant will be located on a spur of the railroad at Crown King, that the handling of oil as fuel may be had for economical reasons. The first unit is on the road, and as fast as ore supply conditions will warrant additional units will be built at that point or as desired.

SAVES DAUGHTER
Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

Belcher Group ON BIG BUG SOLD

(From Wednesday's Daily.)
Negotiations that have been pending for several months for the sale of the Red Rock, Belcher, Mammoth and other mines in Big Bug district were closed Saturday when F. S. Kirkland, W. W. Lewis and E. S. Pennebacker, of El Paso, Texas, acquired the group for the sum of \$50,000, a first payment being made. The deal was put through by George Demaine, the assayer of Humboldt, and his associate D. E. Davies, superintendent of the Fortune Mining Co.

Articles of agreement were recorded Saturday, in which it was stipulated that certain conditions were to be observed by the purchasers in operating the property, as well as designating periods of payment.

The Red Rock was somewhat extensively operated several years ago as well as the Belcher developed to depth, with the Mammoth, all being within a stone's throw of each other, and on the same ledge. The purchasers are to begin operation once.

KRESO DIP
(STANDARDIZED)
For All Live Stock
EASY AND SAFE TO USE.
KILLS LICE, TICKS, FLEAS, MITES. CURES MANGE, SCAB, RINGWORM, SCRATCHES, ETC. DESTROYS DISEASE GERMS AND DRIVES AWAY FLIES.
NON-IRRITATING. EFFECTIVE. INEXPENSIVE.

YOU can't afford to let lice, ticks, fleas and mites eat your stock alive. Get a supply of KRESO DIP and follow directions. It will put an end to the parasites and give the stock a chance to thrive and put on flesh. Use it in barns, hog pens, chicken houses and dog kennels--any place where there are vermin.

KRESO DIP is a coal tar product. It mixes readily with water. It does not burn or irritate like carbolic acid. It does not blister or take the hair off like kerosene. It costs less and does more than any of these. You can't make a better investment than to buy some Kreso Dip to kill lice, ticks, mites and fleas and prevent disease by destroying the germs.

One gallon of KRESO DIP makes 60 to 75 gallons when mixed with water. Each lot is STANDARDIZED by the manufacturers, therefore always the same.
